Hi Vince

There are few changes to be made to the label:  
In the First aid box, in the oral part section take out **by mouth**, the sentence will be :Do not give anything to unconscious person.  
Under "Hazards to Humans and Domestic Animals", revise this statement to be : "Harmful if swallowed or absorbed through skin."

Thanks

Banza

Banza,  
Could you provide a date for the alternative CSFs. The most recent basic CSF in my files is August 13, 2008. Alternative CSFs seem to precede that date and were for purposes of increasing the %a.i. back in 2007.  
Thanks and regards.  
Vince

**Subject:** Spotrete

Hi Shaja and Shaunta,

On April 21, I submitted an amendment to change the brand name for the EPA registration no. 45728-26 from Spotrete F Fungicide to "THIRAM SC" with Spotrete F Fungicide as an alternate brand name. I received a letter from the Agency that this amendment qualified for fast track. Could you let me know the status of this amendment.

Regards.

Vince
